Increase enrollment in the programs of Business Administration to 500 students in total.	Enrollment report of the academic semester by the Dean of Academic Affairs. Cycle are: 2015-16, 2016-17, and 2017-18.	Each student is required to have an academic counseling with a professor before enrolling the next quarter courses.	For the past years the total students' enrollment of the Department of Business Administration has been decreasing. The department understands that the decrease in the number of program enrollments is due to various reasons. They are developing different strategies to impact candidates who need to develop the skills and knowledge to achieve academic preparation according to the needs of employers.	Continue evaluating the cohorts for academic years.
