Dear Director Marte:

The Inter American University of Puerto Rico, Fajardo Campus, Department of Liberal Arts kindly requests your collaboration to allow our practicum students from the Teacher Education Program to conduct 200 hours of clinical practice at your school. This teaching practice is one of the requirements to complete a degree in Education.

Should you accept our request, the student will require a cooperating teacher from your facilities who will work alongside the student, offering teaching mentorship and guidance throughout the practicum. The student must be placed with a certified teacher with the same educational specialty of the student.

We trust that our student (s) will be able to apply the knowledge they have learned throughout the course of their four years of studies at our institution. Please checkmark your answer to this request in the alternatives below.

We thank you in advance for considering your school as a practice center for our students.
